SELF-EVALUATION TOOL FOR EQUALITY AND DIVERSITY:

Fully funded, virtual drop-in surgeries to support schools to complete the self-evaluation tool

In January 2024, the reviewed self-evaluation tool for equality and diversity was launched across the LA. To support leaders with completing the self-evaluation, and with the aim of continuing to foster a collaborative approach to the development of inclusion and diversity, a series of online surgeries have been planned for leaders to attend.

These are fully funded by the LA and will provide an open forum for schools to discuss and share their self-evaluation tool, to consider their evidence for each section, and to consider their areas for development.

No need to book, no need to sign up… Just join the online sessions on the day:

Focus	Summer Term	Autumn Term
Leadership and Management (Kirstie-Anne Sangway)	Friday 24th May 9:30 – 10:30	Monday 30th September 13:30 – 14:30

There is no need or expectation that schools will attend all the surgeries, but they are available for you to drop into the ones that you feel are the most relevant to you and your setting.
