

Creating a culturally inclusive community in our school

This is a bespoke training offer for schools to develop and support Equality and Diversity teaching in the curriculum and wider ethos of the school.

The initial whole staff training session can be delivered as part of an Inset day or over two twilight sessions as required, with a follow up afternoon/morning with lead co-ordinators to support implementation.

The training incorporates features of good practice, whole school approaches and practical ideas and resources to enable practitioners to embed diverse perspectives across the curriculum, supporting schools with their duty under the Equality Act, SMSC and Ofsted requirements.

Really loved it -
the idea of
'commonality'
gave us
something to get
started on...

It has
widened our
perspective

It was actually
useful! I have come
away with a whole
new perspective for
planning my next
topic!

I was enjoying it so much I
didn't realise it was time for
coffee - always a good sign
that I am enjoying it!!

I liked the
'Allyship'
angle - I saw
my place in
it!
