Primary Network: Developing a Robust Pupil Premium Strategy 2022 - 23

Since the introduction of the new [DfE Pupil Premium Strategy templates](#), schools have been seeking support to ensure strategies are robust. This network aims to support primary leaders in developing meaningful, research-informed strategies to tackle educational disadvantage and to securely embed these strategies into day-to-day practice.

Sessions will provide the opportunity to:

- access national and local updates
- engage in the process of developing an effective strategy
- explore research evidence and guidance materials and what these mean in practice
- share strategies across schools, working together to explore strengths and next steps
- experience bespoke training in response to identified needs
- network with other school leaders to enable ideas, questions, and approaches to be shared across schools

Delegates should attend one session in the autumn and one in the spring.

Secondary Tackling Educational Disadvantage Network 2022-23

The primary aims of the subject network meetings are to:

- Support effective subject leadership aligned to each school's individual context.
- Develop skills and expertise within school subject teams and thereby increase capacity.
- Deepen understanding of subject specific pedagogy and knowledge that underpins good progress and attainment for ALL pupils.
- Ensure a clear understanding of the national picture and its application in local and school contexts, to include consideration of COVID 19 as appropriate.
- Facilitate school to school networking and develop strength across the system.

Common agenda items for these meetings:

- Sharing good practice and work.
- Development of subject specific knowledge and an understanding of strong progression and sequencing.
- Enhancing subject leadership.
- Structuring key stage 4 to ensure pupils are well prepared for the next phase of their education.
- Providing high quality key stage 3 provision that builds successfully on key stage 2.
- Ensuring all learning, including the most vulnerable (SEN and PP) are able to make excellent progress.

Project work and other CPD opportunities and networks will continue and will evolve in line with need.

'Really great morning! Open and honest discussion. Has ignited a passion to move the paperwork off the page. Thank you'

'The course was so informative. Research and discussion with colleagues allowed time for reflection and action to make a difference to our disadvantaged children'

Aims

- To develop a curriculum for schools that enables the needs of disadvantaged pupils to be met with increasing impact
- To improve outcomes for disadvantaged pupils
- To share research evidence and best practice
- To hear from others to inform our practice

The Plan

- Regular, short video inputs with linked resources
- Different target audiences (leaders, teachers, LSAs, governors etc)
- Specialist application – so what does this look like in maths, for example?
- Different presenters (experts in key areas)
